Subject: Notification of New Pipeline Construction
Tinker Creek Bore and Pipeline Replacement Project

Dear Ms. Boyd:

Patriots Energy Group (PEG), a joint action agency for Chester County Natural Gas Authority, Lancaster County Natural Gas Authority and York County Natural Gas Authority is working with Foremost Pipeline Construction to install approximately 5,280 feet of 12" steel transmission piping in Chester County, SC just north of Killian Road and east of Harmony Church Road. This new piping will replace 1959 vintage 6" steel with known seam strength issues.

This project was originally several smaller projects but with a 1,000 feet extension and a significant creek bore, the combined project cost will exceed the \$500,000 threshold established in the Commission's Rules and Regulations 103-412.2.7 under "New Construction".

Please consider this letter as notification that Patriots Energy Group has begun pipeline construction for this combined project - with the bore work beginning this week and the additional footage planned to begin in approximately two weeks. The expected time period for completion of this replacement work will be six to eight weeks. PEG will copy the Office of Regulatory Staff (ORS) with this notification and will work with their office for any inspections or further correspondence desired.

If you have any questions, please contact me at (803) 323-5357.

Sincerely,

Terry Adams
Facilities Superintendent, PEG

cc: Vernon L. Gainey, ORS
James A. Heckle, PEG President

Jocelyn,
Please review the attached letter of notification for a new construction project.
We will copy Vernon Gainey at ORS with this same letter, as shown.
Contact me if you have any questions.
Thank you,
Terryn Adams
